Food Arts & Crafts

of booths: _____

Thank you for your application as a vendor at our Omega Pepper Festival on September 7 & 8, 2007. This year's festival is going to be the largest ever!

This year's event will be held at Ponder Park, just off Hwy 319, at our walking track. We felt that keeping the entire festival's events in one general area would best fit the vendors, entertainers and also our guests that attend the festival.

Set up, exhibit and take down times for Vendors are as follows:

Vendor	Date	Set Up	Exhibit Hours	Take Down Times
Food Vendors	Fri Sept 9	10:00am – 8:00pm	8:00pm – 11:00pm	None
Food Vendors	Sat Sept 10	6:00am – 9:00am	9:00am – 10:00pm	5:00pm-6:00pm 7:00pm -8:00pm OR 10:00pm****

***These are the only time slots that you can take down your booth. We will not allow vehicles in and out of the park except at these times. No vehicles or will be allowed to be left inside the vendor area, we will have a designated area for all vendors to park vehicles and trailers across the street in the church parking lot. We will have this area roped off for vendors only!

When you arrive, please see one of the festival staff members at the Pepper Festival tent on the back side of the track off of Georgia Ave, next to covered pavillion. There will be staff members there to show you where your booth space is and to assist you if they can.

Please remember that all vendor booths must have something displaying a "pepper" theme. Vendors are requested to supply either an item or gift certificate from their booth to be given as door prizes on Saturday. Food Vendors can give gift certificates, and we will have some made up that you can fill out and sign at the registration table as you check in.

*****NOTE: Booth size is 12 x 12, if your booth is larger than this, you MUST purchase 2 booths to accommodate your size. Vendor booths requesting power will be provided with (1) 110V circuit plug. If you need more than 1 plug-in for your booth, you will need to bring a 2 plug adapter. Vendors will be responsible for lighting the booths after dark if you chose to stay open

We are looking forward to having you at our festival this year! If you have any further questions, please contact me at 229-528-4400 or 229-528-3175.
